

VC 505

500 Watts
Processing Volume: 200µl – 1L*

The **VC 505** is a cost effective alternative to the VCX model. This 500 watt system offers the same processing power and choice of accessories as the VCX500 without temperature monitoring or energy set point programming.

A standard ½" diameter probe with replaceable tip is included and many optional accessories are available to meet the needs of any application.

FEATURES:

- Programmable
- Variable power output
- 10 hour timer
- Pulse mode
- Wattage and Energy display

(stand is optional)

Ordering information: Model no. **VC 505**
500 watt ultrasonic processor with ½" diameter probe and tool kit.

SPECIFICATIONS
